Gentleness at Home.

Use your gentlest voice at home. Watch it day by day as a pearl of great price, for it will be worth more to you in days to come than the best pearl hid in the sea. A kind voice is joy, like a lark's song, to a hearth at home. It is a light that sings as well as shines. Train it to sweet tones now, and it will keep in tune through life.—Ellis Burritt.

PROTECTION FOR WILD BIRDS

By Imperial Decree They Are Guarded and Cared for Throughout the German Empire.

The German war department has issued an order directing local commanders to see that wild birds settling in the immediate neighborhood of barracks and other military buildings are protected. The emperor holds strong views on the subject, and the movement generally for the protection of bird life is being carried on under the imperial aegis. His great powers as supreme chief of the army notably are being employed by him to secure his end. Under certain conditions, especially in the neighborhood of army hospitals, military commanders are now instructed to reserve spaces, plant bushes, and, in some cases, to provide hanging nesting boxes for the birds of the neighborhood.

To the kaiser's influence has also to be credited the policy which the Prussian railway administration has been following for the last few years in planting embankments with sturdy bushes (chosen among the less inflammable varieties, for harboring birds' nests, while nests built in station buildings have long been considered as practically under imperial and royal protection. Within the last twelve months the emperor has also completed the planting of a portion of the estate of his castle at Celle, near Hanover, which is to be reserved as a "birds' paradise."

Infection and Insect

Bites Dangerous.

Mosquitoes, flies and other insects, which breed quickly in garbage piles, ponds of stagnant water, barns, musty places, etc., are carriers of disease. Every time they bite you they inject poison into your system from which some dread disease may result. Get a bottle of Sloan's Liniment. It is antiseptic and a few drops will neutralize the infection caused by insect bites or rusty nails. Sloan's Liniment disinfects cuts, bruises and sores. You cannot afford to be without it in your home. Money back if not satisfied. Only 25c, at your Druggists.—Advertisement.

Learn to Write Well.

First legibility; second, neatness, should be the endeavor in handwriting and let the "character" and the "individuality" take care of themselves. If you wish to devise a signature hard to forge, that is another thing; but one's every-day handwriting should be plain and as good-looking as one can make it. The art of writing a neat, legible, well-punctuated, correctly expressed and spelled letter should belong to every high-school graduate, much more to every college graduate; and the thanks of the community are due to those who are testing and trying to improve our methods of education; but they must remember that the letter-style is properly more loose and conversational than any other, and therefore should not be criticized in just the same way.

A lazy liver leads to chronic dyspepsia and constipation.—weakens the whole system. Doan's Regulax (25c per box) act mildly on the liver and bowels. At all drug stores. advertisement.

Good Luck or Hard Work?

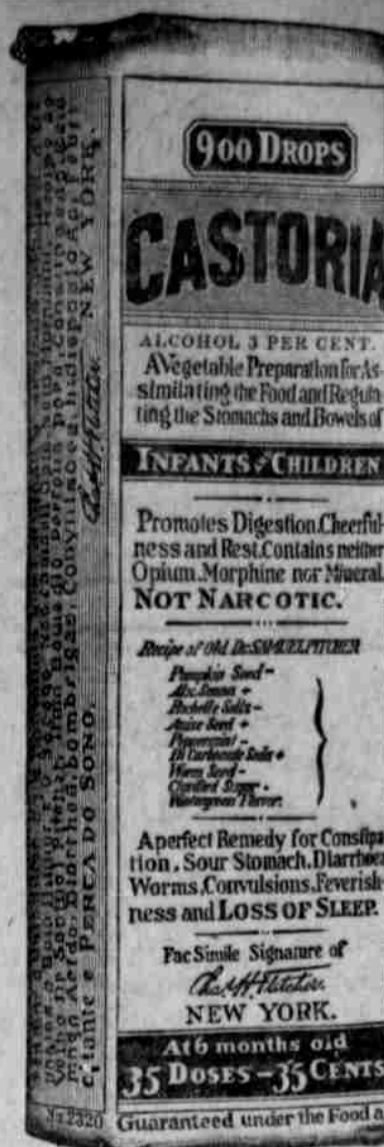

The question of failure or success is such a wide one that the majority of people merely touch on it and attribute their condition to luck. Do you know what successful men say about luck? They scoff at it, declaring that good luck is another name for hard work, which rarely fails to bring rewards. Evading one's responsibilities or passing over opportunities means a bad mess of life, no matter what name you tack to it. Want of forethought is something for which each person is responsible, and it keeps many a man providing properly for his family and deprives good men of helpmates they expect to have in the women they marry.

Warships for China.

When the Creditanstalt, the Escomptebank, and the Laenderbank subscribed a portion of the Chinese loan to the amount of £1,500,000 (\$7,299,750) in 6 per cent bonds, it was agreed that the Chinese government should favor Austrian industries with orders for ships. In compliance with this agreement, the construction of three Chinese cruisers has been ordered, which will be built at Monfalcone, near Trieste. The cruisers will cost 10,000,000 crowns (\$2,000,000). It is reported that some of the machinery will be constructed in Bohemian factories.

ANOTHER CURED By LIV-VER-LAX

The City Commissioner of Terrell, Texas, a former Greenville citizen, writes:

April 9, 1914.

"I take pleasure in saying for publication that by the use of Liv-Ver-Lax I have been cured of a disease which is correctly described by the recognized symptoms of Biliousness, Stomach and Liver Trouble, Constipation and resulting complications, and commend its use to all like sufferers."

George H. Jackson.

L. E. Griffith, Witness.

Mr. Jackson, like hundreds of others, has discovered the beneficial results of Liv-Ver-Lax, the wonderful vegetable Liver Tonic. Harmless, safe for any child; has no injurious after-effects like calomel. Pleasant to take; no nausea.

Character Told by the Nose.

It is an ancient belief that the nose indicates ancestry. We speak about the aristocratic nose with its high bridge and the plebeian nose of the toiler. Certainly, in a great many cases, race can be distinguished by the nose. The Hebrew could hardly be confused with the typical negro nose. The highly-arched nose is supposed to indicate tendency to rule, and the flattened nose shows servility.

Summer Constipation

Dangerous.

Constipation in Summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Ptomaine Poisoning and other ailments are natural results. Pe-D-Lax will keep you well, as it increases the Bile, the natural laxative, which rids the bowels of the congested poisonous waste. Pe-D-Lax will make you feel better. Pleasant and effective. Take a dose to-night. 50c at your Druggist.—Advertisement.

World's Darkest Moment.

The darkest moment is said to be just before dawn. This is now discovered not to be so. The darkest moment, relatively speaking, is when the noonday sun shines. Then it is that living things on the earth are blinded by the dazzle of the sun and fail to recognize the light that never falls out in space.

"Reformers" Might Heed.

Trollope, in describing John Bold, in "The Warden," gives some advice to reformers. "Bold is thoroughly sincere in his patriotic endeavors to mend mankind," says Trollope, "but," he adds, "I fear that he is too much imbued with the idea that he has a special mission for reforming. It would be as well if one so young had a little more diffidence himself and more trust in the honest purposes of others—if he could be brought to believe that old customs need not necessarily be evil, and that changes may possibly be dangerous." This was written fifty-nine years ago. Will anybody dare to suggest that the criticism still holds good?—Springfield Republican.

Laughter Aids Digestion.

Laughter is a most healthful exertion; it is one of the greatest helps to digestion with which I am acquainted; and the custom prevalent among our forefathers, of exciting it at table by jesters and buffoons, was founded on true medical principles.—Hufeland.
